REPORT TO THE BOARD

[Pursuant to Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended.]

1. Brief outline on CSR Policy of the Company

Deki strives to be a model corporate citizen who is aware of the fact that it exists and operates in a social environment. Our vision as a corporate entity is to conduct our business activity with diligence, integrity, and honesty while ensuring that in doing so we engender a positive impact on society and the community that supports us.

We at Deki believe that each person ought to be given an opportunity to reach her / his potential. Unfortunately, social and economic realities are such that there is a vast section of our society that remains disadvantaged and marginalized largely on the basis of gender, disability, location, education, etc. This prevents those in these social strata from attaining self - worth and economic independence. To meet our corporate Social Responsibility (CSR) challenge, Deki aims to contribute toward providing knowledge, opportunities, and resources to empower the disenfranchised to gain better control of their lives. This warrants a long – term commitment and dedication to the CSR goal.
